Panda 4000s.Neo PMS marine generator

**The ideal entry level generator -
easy to install and non-stop energy**

The 4.0 kW Panda 4000s.Neo EcoPower generator is an ideal entry level genset and very popular among its owners because it is easy to install.

The new 4000s features the Fischer Panda water-cooled FPE320 single cylinder engine.

The Panda 4000s is part of Fischer Panda's wide range of compact units up to 4kW. It is design for skippers who only have limited space available on board for a generator and require 230 V / 50 Hz electrical power for domestic appliances.

This powerful generator is suited for anyone who wants to cook electrically, use a vacuum cleaner, hairdryer or coffee machine on board. This generator runs quietly and has a very compact design.

- **High starting capacity...**
perfect for running a diving compressor or an air conditioner
- **230 V / 50 Hz...**
for your complete on-board power system
- **Extremely compact and light...**
more room for you
- **Super-silent sound insulation capsule...**
you can relax while the generator runs
- **Innovative Design**
easy to install and maintain with all connections on one side
- **Integrated fuel pump**
