Watermaker Water-Pro SE60/SE90

- Energy recovery pump
- Automatic pressure regulation
- Automatic production regulation
- Productions between 60 and 120 l/h
- Touch screen panel
- Salinity control
- Automatic fresh flush
- Digital user's guide
- Available in 12/24/48 V DC and 220/110 V AC
- Easy to install
- 12, 24 and 48 V DC powered units are equipped with brushless motor with integrated power box

Low consumption watermaker. Enjoy your paradise

The WATER-PRO range, using the ST-18 pump with ceramic technology, offers solutions to production requirements from 60 to 120 litres per hour.

Two configurations are available Modular or Compact, in BASIC (manual fresh flush) or E-STANDARD versions (automated fresh flush, production control, salinity control) in different voltages 12/24/48 V DC and 220 V AC.

This compact and flexible range offers advanced functions for greater comfort on-board.
