## More security and peace of mind with your Fischer Panda Generator

### What is the extended Fischer Panda Guarantee?

The acceptance of the extended Fischer Panda guarantee is a component of the generator warranty. It applies up to the first inspection/interval service and extends thereafter automatically up to the respective next inspection/interval service at a Fischer Panda Service partner, however, maximal until the specified date on the certificate of guarantee.

### Have you purchased a used Fischer Panda Generator and the previous owner did not follow the specified service intervals?

You can step back into the mobility warranty!

Up to 7 years after the first delivery by Fischer Panda GmbH a guarantee may be granted considering the extension package "1250 Refit". Excluded are damages which were caused by personal negligence (for example - incorrect fuel use) as well as wear parts. Furthermore, the "General Fischer Panda Guarantee Conditions" apply. You may request these from Fischer Panda GmbH – Germany or you can download them at no charge from the company website at [www.fischerpanda.de](http://www.fischerpanda.de).
